Subject: Sierra Stone

I talked to Ernie Hale of Sierra Stone today, January 19, 2005. This was in response to a return sent to him by the Tax Commission. Mr. Hale says he has declared bankruptcy and is no longer operating the two pits Sierra Starlight and Cactus Quarries. I am putting him on inactive status as far as the Tax Commission is concerned until he has taken care of the necessary paperwork with DOGM and his permits are closed.
